

A future that's always expanding...

Why?

What makes **JTEKT** essential?

Shaping the **HAPPINESS** that lies ahead.

JTEKT contributes to the Earth, Society, and Customers.

Happiness born of contribution.

Our company is a vessel for contributing to society. As a manufacturing company, JTEKT has continued to support society by seeking to provide high quality at reasonable prices and working to ensure stable tax payments and employment while keeping environmental considerations in mind. We believe that delivering happiness to everyone involved is the greatest social contribution we can make.

Believing in the joy that comes from contributing, JTEKT will continue to move forward while increasing our corporate value.
