## Compact/Lightweight-Related Technologies Special Edition

<b>FOREWORD</b>	The Direction of JTEKT Product Development . . . . . 1 Executive Director, Member of the Board Hiroyuki MIYAZAKI
<b>CONTRIBUTION</b>	Transition into a Mobile Society through Next-generation Mobility . . . . . 2 Advanced Mobility Research Center, Institute of Industrial Science, The University of Tokyo Professor Yoshihiro SUDA
<b>OUTLOOK</b>	Assimilation and Evolution of Basic Technologies: Weight Reduction of Automobile Parts . . . . . 8 S. TAKEUCHI
<b>TECHNICAL PAPERS</b>	Development of Sensorless Motor Current Control with Reduced Size and Weight . . . . . 14 T. UEDA Development of Third-Generation Electronically Controlled AWD Coupling with New High-Performance Electromagnetic Clutch . . . . . 19 J. ANDO H. ANDO T. TSUDA K. SUZUKI Y. NIIKAWA
<b>TECHNICAL REPORTS</b>	Grease Lubrication Technology for Sliding Automobile Parts . . . . . 25 R. NAKATA Plastic Sensor Housings for Hall IC Torque Sensor . . . . . 31 N. SASAGUCHI T. OISHI T. IIDA T. YUKIMURA A. TAKEUCHI Development of Compact and High Efficient Linear Solenoid . . . . . 35 K. TAKANISHI T. MURAKAMI K. FUJITA I. ONO Efforts towards a More Efficient Resin Cage for Ball Bearings . . . . . 39 M. MURAKAMI Y. TAKAHASHI D. OKAMOTO Development of Isolated Needle Bearing . . . . . 45 J. BRUBAKER Development of Bearing Seals for Automobile Axles . . . . . 49 T. WAKISAKA H. SHIBATA S. NAKAJIMA Y. TAKADA
<b>TECHNICAL PRODUCTS</b>	Column Type Electric Power Steering System for the Racing Car . . . . . 53 Pinion Type Electric Power Steering System for the Racing Car . . . . . 54
<b>NEW PRODUCTS</b>	New Compact/Lightweight CVJ Series . . . . . 55 Compact board PLC "TOYOPUC-Plus" . . . . . 56

TECHNICAL PAPERS	Development of Assist Backup Control of the Electric Power Steering . . .	58
	N. URA	
	Mathematical Analysis of Efficiencies in Hydraulic Pumps for Automatic Transmissions . . . . .	64
	N. YOSHIDA Y. INAGUMA	
TECHNICAL REPORT	Feed Control Based on the Prediction of Workpiece Deflection in Grinding . . . . .	74
	M. YORITSUNE M. TANO T. SAKAI S. MURAKAMI	
NEW PRODUCT	Mill-Plan/UH 5Axis Support System for Designing 5-Axis Die Machining Processes . . . . .	79

GLOBAL NETWORK
